

DPD 5141-59  
28 July 1959

MEMORANDUM FOR: Assistant Director Scientific Intelligence

SUBJECT : Support for Phase VI RB-69 ELINT Testing

1. The period of Phase VI testing of the RB-69 at Eglin AFB, Florida will start on approximately 17 August 1959. The ELINT portion of the tests, for which OSI support is required, will start on approximately 20 September 1959 and run for thirty to forty-five days.

2. In addition to the testing period, ten man days of OSI support is required starting on 10 August 1959 to set up shop and participate in initial mission planning sessions.

3. It is requested that OSI furnish one ELINT Analyst to support the Phase VI testing for the periods of time indicated in paragraph 1 and 2 above.

WILLIAM BURKE  
Colonel, USAF
